# deventrade

## on the road to

# Circular

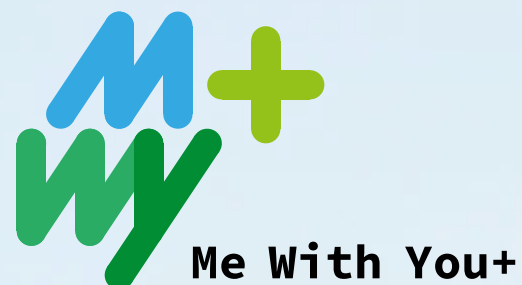

**Olaf Pothoven, director of Deventrade: “How can we make the textile industry cleaner? As a company, this question occupies us daily.**

**We will only get the textile industry ‘clean’ if we produce more demand-driven and more locally.**

**Another necessity is to use recycled and sustainably produced raw materials!**

# sportswear

**Based on these ideas, Deventrade is constantly taking new steps to become more sustainable. The ultimate goal: fully circular production of sporting goods.**

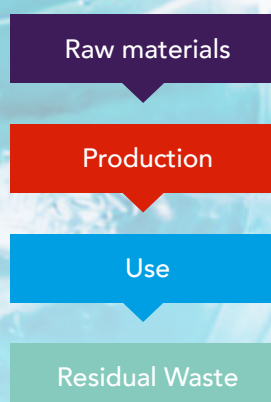

## The change that is needed

Raw materials are finite. Continuing with the current way of producing where raw materials (and garments) are thrown away after being used a few times is no longer sustainable. After a few uses, raw materials (and attire) are thrown away, which is a thing of the past. We must take the consumer with us to transition to a more sustainable economy.

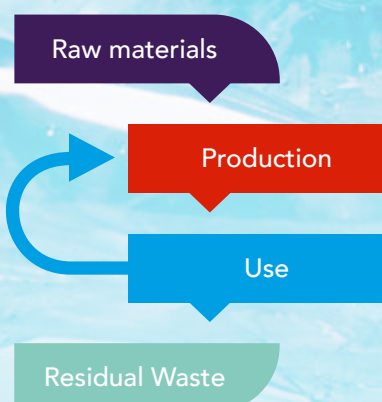

## How do we realise the shift to fully circular sports brands?

Deventrade has set itself various goals to become more sustainable through the entire production chain. We feel responsible for our people and the environment and do everything we can to reduce our CO<sub>2</sub> footprint. Therefore, we are proud to announce that we contribute to this goal with the following four steps. With the following four steps we are contributing to this sustainability. (read more on the following pages).

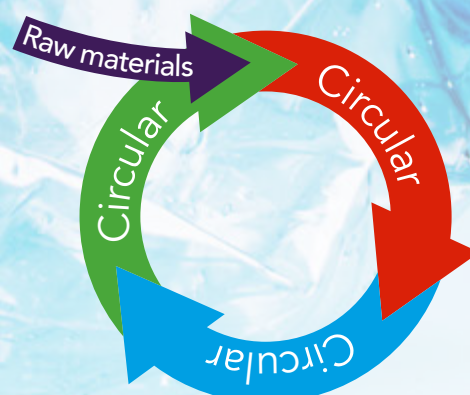

### Linear

### Recycling

### Circular

1

**MWY+**

We are making it increasingly easy for our customers to make sustainable choices. Under the MWY+ label, we market clothing made from sustainable materials. This saves on the use of natural raw materials.

Other sustainable concepts also fall under this label, such as creating a more sustainable office space and sustainable partnerships, including the collaboration with the Salvation Army ReShare and sustainable packaging materials. We make it easy for customers who want to shop more consciously to recognise these products.

A special hangtag identifies the products with more information about MWY+. On the catalogue's product pages, these products can be recognised by the MWY+ logo.

**Me With You+  
for a better world**

By consciously choosing this MWY+ article, you make a sustainable future possible for everyone.

MWY+ is..

- Saving natural resources
- Made of sustainable materials
- Our first steps towards a sustainable world

2

## Fully recycled sportswear collection from Stanno, made from 100% recycled materials

This season, our wish has come true; to launch the first recycled sportswear collection for Stanno. The **First collection** is the first team collection from Stanno that is made from recycled polyesters. Also socks made from recycled polyesters are now part of the collection: the **Uni Pro Sock**, the **High Impact II Goalkeeper Sock**, the **Move Crew Sock**, the **Move Footless Sock** and the **Stadium Socks** are made of this material.

In the future, there will be made even more beautiful sportswear of high quality from, for example, organic bio-cotton and recycled polyester.

## Discover First: the first team line made entirely of sustainable material

With the First collection, we are launching the first team line made entirely of recycled material. Consisting of tops like shirts, jackets and polo shirts and various pants; this line offers a sustainable line from head to toe for every sports team.

The First collection is available in team colours and can be found on pages 20-27 and 80-101.

3

### Cooperation with Salvation Army ReShare

We go further than just producing a collection made from recycled materials because it is also essential to take care of worn clothing. Therefore, together with our partner Salvation Army ReShare, we offer sports clubs special recycling and return service.

At hockey clubs SV Kampong and HC Zwolle, the first containers have been placed, members can put used clothes in these containers, which will then be offered to the Salvation Army or be recycled into new articles. In the future, we will collect the recycled products delivered by us after use to be recycled again into new products or reused.

4

### Code of Conduct

As a leading textile company with various production sites worldwide, we take our responsibility for corporate social responsibility seriously. It is important that everyone involved can work responsibly, and we keep an eye on the impact on the environment. By drafting our own Code of Conduct and sharing it with our suppliers, we set clear rules for the well-being of the workers in the factories. This Code of Conduct goes hand in hand with the Code of Conduct of amfori BSCI, which Deventrade is affiliated with. The membership obliges us to do everything in our power to do business in a socially responsible way. amfori BSCI stands for 'Trade with Purpose', a world in which all trade brings social, economic and environmental benefits to all involved.

### About amfori BSCI

The Business Social Compliance Initiative (BSCI) is an initiative of companies that are committed to improving working conditions in their global supply chain. The BSCI provides a standard code of conduct and a roadmap for companies that applies to all sectors and manufacturing countries.

**amfori**   
Trade with purpose

### About recycled polyester

Recycled polyester comes from polyester PET bottles, rejected B-grade fabrics and residual materials. Using existing materials reduces the demand for raw materials by 65%.

Recycled polyester is just as good as ordinary polyester. It is strong, retains its strength and shape, resists abrasion and wrinkles and dries quickly. In other words, it is an excellent material for the manufacture of sportswear.

We hope that you are as just as enthusiastic about these steps as we are!  
On to a sustainable, circular future.

  
Me With You+

# Exclusive team kit?

## CHOOSE

# Special Design!

## Special Design socks

Also socks can be produced in the clubs colours, with a knitted club logo. This adds to and enhances the unique appearance of Special Design. Special Design socks can consist of a maximum of four colours. The design is free, if technically feasible. You can choose from many standard colours, but also come up with your own colour variants. As soon as the design is final, the supplier sends you a sample. Production starts as soon as an agreement is reached.

The total number of ordered socks must be at least 150, with at least 15 socks per size. For more information about delivery and delivery times of Special Design club socks please send an email to: [sd@deventrade.com](mailto:sd@deventrade.com)

Does your club have a milestone or celebration coming up that calls for a **special outfit**? Do the club's articles of association place specific requirements on sports clothing? Or is your team just eager to turn out in a kit worn by no one else?

Then **Special Design** is the solution for you. Our Special Design items have the qualities you can expect of a leading teamwear brand: **superb functionality** for the best possible performance and a **perfect fit**.

OPTIONS	LIMITED	UNLIMITED
Design possibilities?	Based on standard design options	Own design in collaboration with our Special Design team

[SD@DEVENTRADE.COM](mailto:SD@DEVENTRADE.COM)

## 1 Decide on your design

Determine together with our **Special Design** team your **design**. Based on this you choose **Limited** or **Unlimited** articles.

# A unique outfit for your club

## GET INSPIRED!

## Your own, **UNIQUE KIT** in **4 STEPS**

### 2 Receive your sample

On the basis of your **design wishes**, we will send you a detailed **digital drawing**. On **request**, we can send you a **sample shirt** in addition to the digital drawing to you **through the post**.

### 3 Share your final feedback with us

In nine out of ten cases, the first design is spot-on. If you want us to **change** a few **final details**, you can **share** these with our **design team** in this phase.

### 4 Unpack & get dressed for game day!

After your **approval** of the design, we will send you the **official, exclusive, new kit** for your club or team. Unpack and **get dressed for game day!**

## FOAM MATERIAL

 <b>HYPER FOAM PLUS</b>	 <b>HYPER FOAM</b>	 <b>AQUA FOAM</b>	 <b>SUPER SOFT PROFI FOAM</b>	 <b>SOFT FOAM</b>
<p>Hyper Foam Plus is an ultra-soft and even thicker foam than Hyper Foam. This ensures an even better grip in both dry and wet weather conditions. Its absorbency has been considerably improved, which ensures optimum impact reduction and even better ball control. An additional advantage of Hyper Foam Plus is the improved, longer lifespan.</p>	<p>Hyper Foam ensures optimal grip in both dry and wet weather conditions, thanks to the foam's absorbent properties. Hyper Foam guarantees optimal comfort and increases ball control thanks to its excellent impact reduction.</p>	<p>Aqua Foam offers optimal grip in wet conditions. The soft and more open foam structure takes up water, which – in comparison to other types of foam – provides a 25% better grip. Additionally the Aqua Foam gloves contain an extra shock-absorbing function to reduce the impact of hard shots. The changing needs of professional keepers require that the characteristics and quality of the foam continually develop.</p>	<p>Super Soft Profi Foam has excellent properties for grip in both dry and wet conditions, and it also offers excellent cushioning. The use of the latest materials ensures durability and optimal comfort.</p>	<p>Soft Foam provides a reliable grip and excellent cushioning. Soft Foam ensures maximum ball control and optimal comfort.</p>

## FOAM PROPERTIES

	<b>GRIP DURING DRY WEATHER CONDITIONS</b> The adhesive properties of the foam are decisive for an optimal grip and the best performance. The weather is a big influence on the properties and performances of the foam material. Playing during dry weather requires specific foam components for optimal results.
	<b>GRIP DURING WET WEATHER CONDITIONS</b> Moisture, rain and wet conditions affect the grip and require additional components for a better grip. A softer and more open foam structure absorbs the water and is very suitable for wet weather conditions.
	<b>CUSHIONING</b> As well as grip, cushioning is an important factor in determining the most suitable goalkeeper gloves. The softer and thicker the foam, the better the impact of the ball can be absorbed. Also the thickness of the basic material of the gloves determines the amount of cushioning.
	<b>ABRASION RESISTANCE</b> Foam is a very soft material that needs special treatment. Regular ball contact leads to wear and tear of the foam. The degree of wear is determined by the surface structure and the density of the foam material. A more coarse and closed foam structure will lead to less wear.

## FOAM RATING

# GOALKEEPERS GLOVES

One of the main features of goalkeeper gloves is the way in which the gloves are stitched. This determines the ball control, grip and comfort.

## ROLLFINGER-MODEL

With the rollfinger system, the finger is completely surrounded by foam, without stitching. The magnification of the grip surface that is created in this way, allows for optimum grip on the ball.

**ULTIMATE GRIP III**

PAGE 196

**CLAW JR**

PAGE 199

**ULTIMATE GRIP JR II**

PAGE 199

## FLATHAND POSITIVE

In a flathand glove, with positive stitching, the stitched seams are applied to the outside of the fingers, increasing the foam surface and creating a larger area for catching the ball.

**POWER SHIELD IV FINGERPROTECTION**

PAGE 197

**FINGERPROTECTION JR IV FINGERPROTECTION**

PAGE 198

**VOLARE JR**

PAGE 199

## FLATHAND NEGATIVE

In a flathand glove, with negative stitching, the stitched seams are applied to the inner side of the fingers, making the glove fit more tightly around the fingers, and increasing the control on the ball.

**THUNDER V FINGERPROTECTION**

PAGE 195

**VOLARE MATCH**

PAGE 197

## HYBRID POSITIVE / NEGATIVE

This glove has the combined advantages of the rollfinger and flat hand negative model. The division is 50/50. At the little finger and thumb, the latex foam in the glove is rolled around the finger. For example, the finger is completely surrounded by foam, without stitching. On the index finger, middle finger and ring finger, the stitching is on the inside of the fingers. Both features provide a snug fit for an increased sense of ball control.

**CLAW ONE PIECE FIT**

PAGE 195

## HYBRID POSITIVE

In case of a hybrid glove, the advantages of the rollfinger system and flathand (positive stitching) are combined. With the rollfinger system, the finger is completely surrounded by foam, without stitching. The stitched seams are applied to the outside of the fingers. The magnification of the grip surface that is created in this way, allows for optimum grip on the ball.

**ULTIMATE GRIP AQUA RFH III**

PAGE 196

**HARDGROUND RFH IV RUBBER PATCH**

PAGE 197

## HYBRID NEGATIVE

The advantage of the rollfinger system and stitching on the inside of the fingers combined. The glove fits tighter around the fingers because of the stitching on the inside and is also surrounded by foam. The surface area on the inside of the hand is further increased, this makes the surface to catch the ball even greater.

## VOLARE ULTRA

SENIOR PROFESSIONAL GOALKEEPERS GLOVE

SIZES: 7 - 7.5 - 8 - 8.5 - 9 - 9.5 - 10 - 10.5 - 11 - 12

- professional goalkeeper glove with Hyper Foam Plus and extra large foam surface
- lightweight
- even higher absorption capacity of Hyper Foam Plus
- embossed palm for high-quality design
- silicone insert on the punch zone and fingers
- stitching seams on the inside of the fingers combined with the rollfinger system for a perfect fit around the fingers
- fingers completely surrounded with foam for a larger hand surface to catch the ball
- removable flat and elastic closure for a perfect fit and protection of the wrist (printable with, i.e. your name)
- lightweight OPF for perfect closure around the upper hand

black - grey  
481383 - 8990

black - orange  
481392 - 8300

## CLAW

### SENIOR PROFESSIONAL GOALKEEPERS GLOVE

SIZES: 7 - 7.5 - 8 - 8.5 - 9 - 9.5 - 10 - 10.5 - 11 - 12

- senior goalkeeper glove with Hyper Foam and enlarged foam surface
- lightweight OPF for perfect fit around the upper hand
- hybrid model with a combination of rollfinger and flathand negative fingers
- foam of the middle and ring finger is rolled over the fingertip for an even larger foam surface
- stitching on the inside
- detachable flat and elastic band for a perfect fit and wrist protection (can be printed with e.g. your name)

black - red  
481373 - 8620

## THUNDER V

### SENIOR PROFESSIONAL GOALKEEPERS GLOVE WITH FINGER PROTECTION

SIZES: 7 - 7.5 - 8 - 8.5 - 9 - 9.5 - 10 - 10.5 - 11

- professional glove with super soft profi foam and increased foam surface
- reliable grip in all weather conditions
- fingers are provided with finger protection (ribs are removable)
- stitching of the fingers on the inside for an optimal fit
- woven strap closure for more support and a comfortable closure
- elastic wristband supports and protects the wrist (with printable surface for your name)

## ULTIMATE GRIP AQUA RFH III

### SENIOR PROFESSIONAL GOALKEEPERS GLOVE

SIZES: 7 - 7.5 - 8 - 8.5 - 9 - 9.5 - 10 - 10.5 - 11 - 12

- professional goalkeeper glove with Aqua foam and enlarged foam surface
- One Piece Fit design (OPF) guarantees optimal fit around the upper hand
- excellent grip in all weather conditions
- high impact reduction when stopping the ball
- RFH positive
- mesh insert for ventilation and optimal flexibility when catching, punching and throwing
- wristband with elastic closure for a perfect fit and wrist protection

royal  
480240 - 5000

## ULTIMATE GRIP III

### SENIOR PROFESSIONAL GOALKEEPERS GLOVE

SPONSORSHIPS

IN THE STANNO HOME KITS  
FOR '21/'22, GO AHEAD EAGLES WILL  
COMPETE IN THE EREDIVISIE.  
THE COLLAR SHOWS 'SINCE 1902',  
AND THE BACK OF THE SHIRT READS  
'HOME OF FOOTBALL'.

THIS SEASON, MORE BLACK FROM  
THE LOGO IS ALSO REFLECTED IN THE  
KIT - THE SIDE PANELS OF THE SHIRT  
AND SHORTS HAVE A SUBTLE BLACK  
STRIP AS AN EXTRA ACCENT.

WE ARE THE EAGLES!

FOR THE EREDIVISIE SEASON '21/'22,  
THE TRADITIONAL YELLOW-BLUE  
COLOUR COMBINATION IS AGAIN THE  
MAIN FOCUS OF THE HOME KIT.

NEW THIS YEAR ARE THE COLLAR  
AND BUTTONS. THE OUTFIT IS  
COMPLETED WITH BLUE SHORTS  
AND WHITE SOCKS WITH YELLOW-  
BLUE STRIPES.

THIS PROVIDES AN EXTRA COLOUR  
BOOST ON THE FIELD!

# HandbalNL

**STANNO AND THE DUTCH HANDBALL ASSOCIATION (NHV) ARE A GOLDEN COMBINATION. BOTH PARTIES STAND FOR QUALITY AT THE HIGHEST LEVEL AND HAVE DUTCH ROOTS.**

**AFTER 25 YEARS OF HUMMEL, THE NHV CHOSE STANNO. STANNO PROVIDES THE TRAINING AND MATCH UNIFORMS FOR THE DUTCH HANDBALL LADIES, MEN AND THE DUTCH JUNIORS.**

**IN CLOSE COLLABORATION WITH DEVENTRADE'S SPECIAL DESIGN TEAM, NHV HAS DEVELOPED A NEW UNIFORM FOR THE TOP TEAMS.**

**THE LADIES PLAYED IN STANNO FOR THE FIRST TIME AT THE WORLD CUP 2021 AND THE MEN AT THE EUROPEAN CHAMPIONSHIP IN 2022. AN EXCELLENT STEP FOR THE NHV, TOGETHER TO THE TOP!**

THE COLLABORATION BETWEEN DRAISMA DYNAMO AND DEVENTRADE HAS BEEN ROCK SOLID SINCE 2005. FROM 2021 AND ONWARDS, THE NATIONAL CHAMPION WILL PLAY IN STANNO.

THE BEST VOLLEYBALL PLAYERS IN APELDOORN PLAY IN THE EREDIVISIE WITH OUTFITS SPECIALLY DESIGNED FOR THEM.

STANNO BELIEVES IN THE WINNING COMBINATION OF VERSATILITY AND INNOVATION AND OFFERS PLENTY OF SPECIAL DESIGN OPTIONS FOR THESE MALE AND FEMALE TOP VOLLEYBALL PLAYERS!

# Product information

## Materials

<b>CLIMA TEC</b> HIGH TECHNICAL FIBRE	ClimaTec material is a comfortable, warm, lightweight material, fast drying and easy to maintain. The advanced microfibres transport the body fluids and keep you comfortable in many weather conditions.
<b>WOVEN TEC</b> MICRO FIBRE	WovenTec increases the wearing comfort and provides a soft feel. The material has a luxurious appearance. WovenTec products are not only functional during sports activities but also perfectly suitable for presentations.
<b>POLY TEC</b> POLYESTER	PolyTec has a thermal effect and is easy to wash, which simplifies maintenance. It protects against cold wind and is a great combination of a functional and durable product.
<b>COATED</b> SPECIAL COATING	Coated articles with taped seams, including rain gear and all-weather jackets, are finished with a special coating. Depending on the type of coating the articles are waterproof, windproof or water-repellent.
<b>POLY-ESTER</b> HIGHLY ELASTICATED FIBRE	Extra elastic polyester gives our socks an even better fit. It also provides extra stretchability, making it easier to place the shin guard underneath.
<b>POLY-PROPYLENE</b> LIGHT THERMAL FIBRE	Polypropylene is a thermal fibre with the lowest specific weight available. It is moisture-resistant and moisture-transportable. Polypropylene is 100% real colour, non-shrinking and recyclable. It gives perfect comfort to your feet and avoids skin irritation. Stanno specifically uses polypropylene for high quality sports socks.
<b>COMFORT TEC</b> HIGH COMFORT	ComfortTec material is a very comfortable material. It keeps the body warm with its soft brushed inner.
<b>MOTION TEC</b> HIGH COMFORT	MotionTec material is comfortable, lightweight and tight fitting because of the yarn used and the knitting technique. The fabric has a high stretchability because of the high level of elasticity in the product. It's functional and durable, perfectly suited for indoor sports.

These sizes are only to be used as a guide. Careful attention should be paid to garment with a "Slim Fit" icon which are obviously a smaller, slimmer fitting.

Sampling is strongly advised if you are unsure about sizes. We cannot accept any liability or return of goods, if garments are decorated and then found to be unsuitable.

On photographic reproduction and print some colour changes may occur between pictures and original products. We reserve the right to make product/technical changes (in design, colour, function and material), which we feel, will make for improvement of the product. We will not accept any responsibility for printing errors in the catalogue! All Stanno products are suitable for printing, front or back.

Garment care. Stanno products are made to the highest standards and are subject to strict quality control procedures. Garments however can discolour due to substances such as mud and grass, liniment or oil, and of course perspiration, all of which may not be fully removable by washing. The extent of discolouration can be greatly reduced by following a few simple procedures. Soaking and/or washing of the garment in water and detergent as soon as possible after use can reduce discolouration, using at least the same volume of water as the garment being treated. Always follow detergent manufacturers instructions, especially those

intended to tackle heavy stains and avoid products containing bleach. Stanno International cannot accept any liability for discolouration or damage to garments resulting from staining caused by elements foreign to the materials used in manufacture.

All catalogue prices are recommended prices inclusive of VAT. The copying of products, in whatever form that may take, is forbidden without the prior written consent of Stanno International. Stanno International reserves the right to modify product specifications and prices at any given time.

Please note all time lines listed are purely for guidance and we reserve the right to make changes to these. It also applies that in the last year of the stated period, we can no longer guarantee complete size runs.
